We Made it Through the Rain

When friends are
hard to find
and life seems
so unkind
sometimes you
feel afraid
just aim beyond
the clouds
and rise above
the crowds

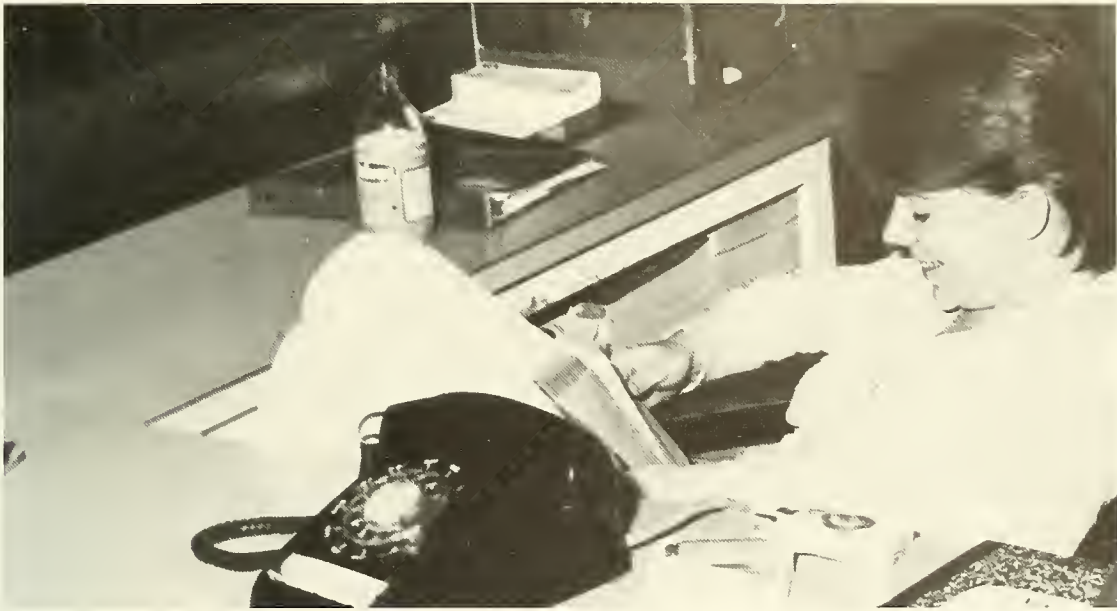

and start your
own parade
cause when I chase
my fears away
that's when I know
that I can finally
say
I made it through

I made it through
the rain
I kept my world
protected
I made it through
the rain
I kept my point
of view

STUDENTS
A
RAFFLE
- @ THE SYNAPSE
11PM

We dreamers have
our ways
of facing rainy days,
and somehow we survive
we keep the feelings
warm
protect them from
the storm

Until our time
arrives
Then one day the
sun appears
and we come
shining
through those
lonely years

I made it through
the rain

I kept my world
protected

I made it through
the rain

I kept my point of
view

I made it through
the rain

and found myself respected by the others
who got rained on too and made it through

That's two more points for those Seniors.

Smile Girls!!

We want to give enemas.

Now watch how I do it!!

Come on girls, show us those pearly whites!!

Pull this way and that way!!

Are you a skilled RN or an incompetent student?

Nancy Nurse puts a little LIFE into her clinical day.

On the last day of clinical your instructor gave you what?

Then my instructor gave me, Rosanne Rosannadanna UMNS, a bed pan.

The Florence Nightingale Pledge

I solemnly pledge myself before God and the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my calling. With loyalty I will endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

CITY

LIFE

What a view, charm city.

I'll drink to that.

One of Parsons' girls.

Yesterday . . .

Inherent in the history of the School of Nursing is a spirit of progress exemplifying service to the individual, the profession, and the community.

Louisa Parsons

*"As if a door in heaven should be
Opened and then closed suddenly,
The vision came and went
The light shone and was spent
A Lady with a Lamp shall stand
in the great history of the land,
A noble type of good,
Heroic womanhood."*

December, 1889, marked the founding of the second organized school of nursing in Maryland. In the beginning it was incorporated with the medical school and hospital and was called the University of Maryland Faculty of Physic Training School for nurses. Louisa Parsons, a protegee of Florence Nightingale and a graduate of St. Thomas Hospital in London, came to the University of Maryland in December 1889 and became its first Superintendent of Nurses when the training school was inaugurated. She dedicated her life to the alleviation of suffering.

NURSES

Discover

When you come to work at Doctor's Hospital you will **DISCOVER** a 240 bed adult acute care facility known for its family atmosphere, quality professionalism, critical care, renal dialysis and medical/surgical nursing.

Experience

Here you will **EXPERIENCE** the satisfaction of delivering primary and total care nursing. And you will find a salary and benefit plan that meet your financial goals.

Give

At Doctor's Hospital you will **GIVE** your nursing career the attention it deserves, in an atmosphere where nursing personnel are collaborators with the patient and family and other health professionals in assessing, planning, implementing and evaluating a regimen designed to restore maximum wellness.

"FEATURES FOR NURSING STUDENTS"

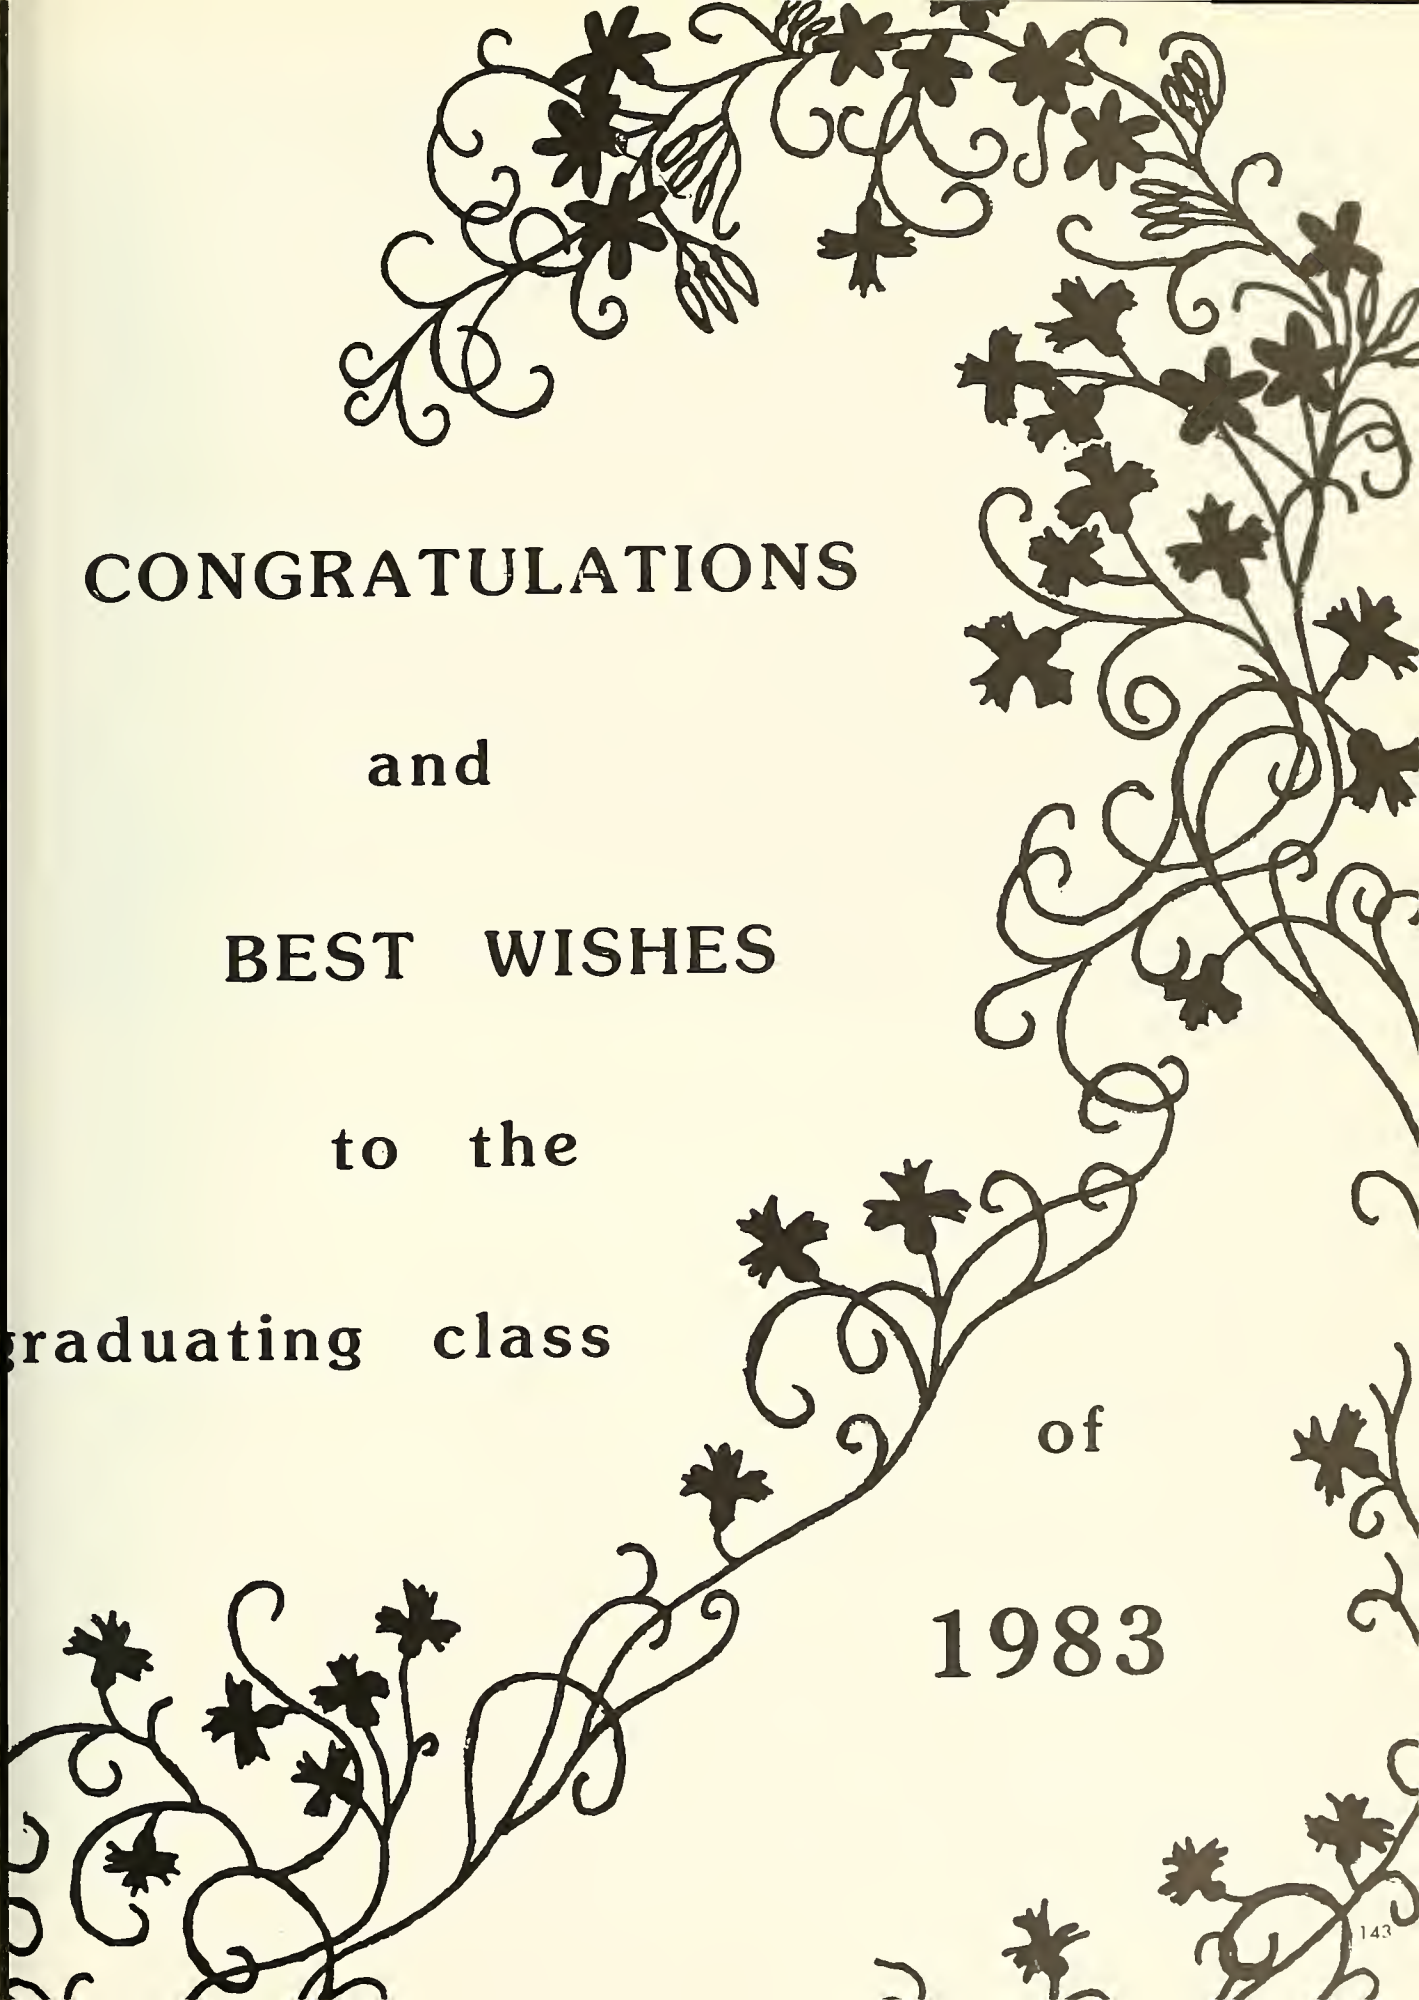

- Four month M/S preceptorship programs held in June, September and January of each year for graduate nurses.
- Critical Care Internship for G.N.'s and R.N.'s with no critical care experience in ICU/CCU (offered on same basis as M/S preceptorship).
- Summer Extern Program offered to students entering their senior year of nursing school.
- Financial Assistance Plan and Scholarship for junior nursing students with 3.0 GPA

To find out more about our excellent benefits including high option medical and dental insurance, free life insurance and pension plan, and 100% tuition assistance, please call Cynthia Black at (301) 552-9400, ext. 5102. Orientations begin the first Monday of every month.
